STAT.

Your letter of 19 July 1982 to our Director, Mr. William J. Casey, has been seen by him and referred to this Office for reply. Also, I am responding to your letter to Mr. Jack A. Compton of 14 July 1982.

I have very carefully reviewed your file including the correspondence that has transpired between you and various senior officials of the Agency. The situation has not changed and I am sorry but we will not be able to offer you employment with us. As we have noted before, we consider the whole individual against the standards we have established for employment prior to reaching a final decision. Meeting the educational and/or experience requirements for a given position is only part of the overall consideration of a person. I might add that this is perhaps a unique calling but the fact that you were not offered employment by this Agency does not preclude necessarily your acceptance elsewhere in government.

We appreciate your continued interest.

Sincerely,

James N. Glerum
Director of Personnel
